Re: Request for timeframe extension

Dear Mr. Haddock:

We would like to request an additional 30 day extension to reply to the second review. Every effort has been made to complete the work necessary for the response, but IGES took longer than expected completing the slope stability study. We have had discussions with our consultant, JBR and they feel confident we can complete our reply by November 17<sup>th</sup>.

We apologize that this process has taken so long, but we appreciate you and your staff's efforts in assisting Lakeview with this permitting process.

Sincerely,

Lakeview Rock Products, Inc.

Russell A. Larsen  
Vice President
